

GOSPEL VALUE FOCUS

We are now on our second gospel value of RESPECT! Let's see it in action throughout our days.

READING

This half term we will be reading Roof Toppers by Katherine Rundell, a great story about a girl who has lost her mum. Then we will be briefly looking at the book Pig Heart Boy, this will then be available for the children to read in our reading corner. Then we finish the half term with Room 13- a class ready for residential... unlucky for some.

WRITING

Main focus 1- Poetry, we will be looking at remembrance poems and then writing our own.
Focus 2- Writing emotive narrative to provoke feeling based around our book of Room 13.
We will also be having a focus on SPaG throughout the half term- looking at varying our sentence types.

MATHS

We are continuing our journey through Arithmetic and now focusing on Fractions, Decimals and Percentages.
We will also spend time looking at BODMAS and developing our reasoning skills.

HISTORY

Autumn 1 Continued

SCIENCE

We are now looking at Living things and their habitats. We will be starting the unit with a reference lesson on the effects of exercise on our bodies and then looking deeper into plants and animals.

GEOGRAPHY

Autumn 1 Continued

YEAR SIX- AUTUMN 1 OVERVIEW

RELIGIOUS EDUCATION

The Eucharist: Why do Christians celebrate the Eucharist?
Unit 6.3

Advent: How do Christians prepare for Christmas?

PSHE

Our bodies and changes- Looking at HSRE,
please see messages on Dojo about lessons on
puberty.

PHYSICAL EDUCATION

Dance What will be made, produced, performed, or published?

A focussed term of dance as part of the Physical Education curriculum, children will create, practise and perform a minimum of one choreographed piece to their peers, to a chosen piece of relevant music.

ART

No Art focus this half term

MUSIC

In Music we are looking at singing with the focus
of performing songs to two different audiences.
We will be looking at splitting songs to make
choral performances.

We will also be appraising songs from WW2.

COMPUTING

Design, write and debug programs that accomplish specific goals; solve problems by decomposing
them into smaller parts.

Use sequence, selection, and repetition in programs; work with variables and various forms of input
and output.

DESIGN & TECHNOLOGY
